CHAIRMAN'S MESSAGE:

Dear Members, Exhibitors and Handlers

I would like to welcome you, to our **30th** annual breed show on Saturday and Sunday 2-3 October 2021. We are privileged to have Mrs Tatyana Popova from Russia officiate at not only a 30th anniversary event, but also at our South African Sieger show.

We have been through very trying times, during the last few months, and cancelling our 2020 event due to Covid. Needless to say, we have lost a few loved ones during the last few months, and stop to consider what they have meant for us. It has been really difficult, both logistically and financially to host this year's event, but our committee saw the need to push forward and deliver one of the best events to you.

We are truly blessed to have one of the most prestigious Rottweiler judges in the world judge this event, and again wish to thank her for her contribution and support to the SA Rottweiler.

This year's event also commemorates the contribution of Chris Pretorius, whom I can proudly call the father of Western Province or Cape Town Rottweilers. The club has lost a forever star!!!

We would like to thank you, the exhibitors for the continued support to the club, with 110 dogs for the breed show. A special welcome is extended to our supporters from far for supporting our club show.

We have again been privileged to have some excellent support from sponsors, which are listed at the end. We thank all of you for your contributions to making our day a success.

I thank my committee and extended show committee for the sterling work they have done, it has been great to work with all of you.

Lastly, let's have a great show, with good sportsmanship and have fun!

Barron Africa
(Chairman)

ABOUT OUR RETIRED CLUB LEGEND

Has trained dogs of all breeds for some 40 years - first in Gauteng and for the last 24 years at three venues in the Western Cape. Trained two ten-man groups of Rottweiler handlers for six months for the Samcor Automobile company's Security group in Silverton, Pretoria. Trained a 16-dog Rottweiler team to perform for 20,000 spectators at Barnard stadium, Kempton Park in 1992. Also trained three Rottweilers to perform in TV Commercials for First National Bank and for the 'Needwood Village' construction scheme in Gauteng. Has successfully shown, trained and bred competitive dogs over 37 years. Has performed the Campbell-Pfaffenberger puppy test on multiple breeds since 1992 and has fitted 3,445 puppies with identification (tattoos and microchips) over the same period. Bred infrequently under the 'Lübecker' prefix.

Lately became a tutor judge for prospective Rottweiler Specialists, lecturing and co-lecturing the three RBC training modules. Very partial to Boerboels and Bullmastiffs too and pleased to have helped develop a Canine Breed Assessment programme for both. Assists in helping prepare these dogs for CBA from time to time and have performed puppy-tests (besides on Rottweilers and other Working breeds) on both Boerboel- and Bullmastiff litters.

Was a career lecturer in flight planning, routing and meteorology at South African Airways, where he established a Route Clearance Unit (RCU) on the German model. Was employed with SAA for 28 years and holds a college diploma in Instructional Technology. Nowadays lives in Somerset West where he has a small dog-food franchise, runs two dog training facilities and sometimes deals with problem dogs when needed. Other vocations / favourite pastimes in his lifetime: Graphic designing, leather-crafting, travel, hiking, rock climbing and photography.

THANK YOU CHRIS!

At the tip of Africa, against a backdrop of rugged beauty and dramatic mountains in the Cederberg Conservancy, is where you will find Mount Ceder Olive grove. Biologically friendly farming is practiced at Mount Ceder. Animals in the grove assist with creating a natural micro eco system. We have implemented a new electronic irrigation system that runs as drip irrigation to protect our water source.

Our energy is harvested from solar panels, charged with the abundance of sunlight. By implementing the above practices, we ensure a healthy environment that produces a consistent, sustainable olive crop year after year.

We are an innovative company that produces Healthy Foods through sustainable Farming.
